

METHODS, SYSTEMS, AND ARTICLES FOR PROVIDING A FAMILY
TELECOMMUNICATION SERVICE

Abstract of the Disclosure

5

A menu is provided in a first telephone call. The menu provides a plurality of destination options including a first destination option for a residence of a family, a second destination option for a first member of the family at a first location other than the residence, and a third destination option for a second member of the family at a second location other than the residence. A selection of one of the destination options is received in the first telephone call. A second telephone call is initiated to a telephone number corresponding to the selection. The first telephone call and the second telephone call are connected.
